Subject: Submittal of the Replacement Work Plans for the Plugging and Abandonment of Wells for 2014

Dear Mr. Kieling:

Enclosed please find two hard copies with electronic files of the Replacement Work Plans for the Plugging and Abandonment of Wells for 2014. The work plans summarize the methods Los Alamos National Laboratory proposes to use in plugging and abandoning three groundwater monitoring wells and boreholes and supersede the eight work plans submitted to the New Mexico Environment Department in November 2013. Well abandonment will be consistent with the requirements and guidelines of the "New Mexico Environment Department Monitoring Construction and Abandonment Guidelines" and the guidelines in Section X.D, Well Abandonment, of the Compliance Order on Consent. Field work will be completed during calendar year 2014, and a summary report submitted by March 30, 2015.

If you have any questions, please contact Ted Ball at (505) 665-3996 (tedball@lanl.gov) or Woody Woodworth at (505) 665-5820 (lance.woodworth@nnsa.doe.gov).

Sincerely,

Jeff Mousseau, Associate Director
Environmental Programs
Los Alamos National Laboratory

Sincerely,

Peter Maggiore, Assistant Manager
