Subject: Fifteen-Day Sampling Notification for Material Disposal Areas H and L at Technical Area 54

Dear Mr. Young:

Beginning August 1, 2008, the Los Alamos National Laboratory (the Laboratory) is planning to collect vapor samples from 3 boreholes at Material Disposal Areas (MDA) and 25 boreholes at MDA L to support the fiscal year 2008 fourth quarter sampling event.

The Laboratory will notify New Mexico Environment Department Hazardous Waste Bureau staff of any changes to the schedule. The sampling results will be presented in separate periodic monitoring reports for each MDA, an annual report for MDA H, and quarterly reports for MDA L.

Please contact Steve Paris at (505) 606-0915 (smparis@lanl.gov) if you have any questions.

Sincerely,

Dave McInroy, Project Director
