Subject: Fifteen-Day Sampling Notification for Material Disposal Areas H and L at Technical Area 54

Dear Mr. Young:

Beginning October 15, 2008, the Los Alamos National Laboratory (the Laboratory) Environmental Program Directorate (EP) Corrective Actions Projects (CAP) is planning to collect vapor samples from 3 boreholes at Material Disposal Areas (MDA) H and 25 boreholes at MDA L to support the first quarter fiscal year 2009 sampling event.

EP-CAP will verbally confirm and/or notify New Mexico Environment Department Hazardous Waste Bureau staff of any changes to the schedule. The sampling results will be presented in separate periodic monitoring reports for each MDA: an annual report for MDA H and a quarterly report for MDA L.

Please contact Steve Paris at (505) 606-0915 (smparis@lanl.gov) if you have any questions.

Sincerely,

Dave McInroy, Project Director
Environmental Programs – Corrective Actions Program
Los Alamos National Laboratory
