Subject: Fifteen-Day Sampling Notification for Material Disposal Areas H and L

Dear Mr. Bearzi:

Beginning February 15, 2009, the Los Alamos National Laboratory (the Laboratory) Environmental Program Directorate (EP) Corrective Actions Project (CAP) is planning to collect vapor samples from 3 boreholes at Material Disposal Area (MDA) H and 25 boreholes at MDA L to support the fiscal year 2009 second quarter sampling event.

EP-CAP will verbally confirm and/or notify New Mexico Environment Department Hazardous Waste Bureau staff of any changes to the schedule. The sampling results will be presented in separate periodic monitoring reports for each MDA, an annual report for MDA H, and quarterly reports for MDA L.

Please contact Steve Paris at (505) 606-0915 (smparis@lanl.gov) if you have any questions.

Sincerely,

Dave McInroy, Project Director
Environmental Programs – Corrective Actions Program
Los Alamos National Laboratory
