Subject: Submittal of the Supplemental Remedy Completion Report for Upper Los Alamos Canyon Aggregate Area, Former Technical Area 32

Dear Mr. Kieling:

Enclosed please find two hard copies with electronic files of the Supplemental Remedy Completion Report for Upper Los Alamos Canyon Aggregate Area, Former Technical Area 32.

This supplemental remedy completion report was prepared to support requests for certificates of completion for two solid waste management units (SWMUs) [32-002(a) and 32-002(b1)] located within former Technical Area 32 (TA-32) on property currently owned by the Los Alamos School Board. This report provides information that supplements the information presented in the Remedy Completion Report for Upper Los Alamos Canyon Aggregate Area, Former Technical Area 32, Revision 1, which was submitted to the New Mexico Environment Department (NMED) in February 2011. This supplemental information addresses issues that prevented recommending these two SWMUs for corrective action complete in the February 2011 report. Prompt receipt of certificates of completion for these SWMUs is requested to facilitate commercial development of the former TA-32 site by Los Alamos County. We appreciate NMED's cooperation in this matter.

If you have any questions, please contact Todd Haagenstad at (505) 665-2936 (hth@lanl.gov) or Ed Worth at (505) 606-0398 (edwin.worth@nnsa.doe.gov).

Sincerely,

Jeff Mousseau, Associate Director
Environmental Programs
Los Alamos National Laboratory

Sincerely,

Peter Maggiore, Assistant Manager
Environmental Projects Office
Los Alamos Site Office
