Subject: Review of November 2012 Groundwater Data

Dear Mr. Kieling:

This letter is Los Alamos National Laboratory's (LANL's) written submission that meets notification requirements presented in Section IV.A.3.g, Notification, of the Compliance Order on Consent. Members of LANL's Environmental Programs met on December 13, 2012, to review new groundwater data received in November 2012.

There were no instances of contaminant detections that required a 1–business day notification. Although notification was not required, an Environmental Programs staff member provided a courtesy email to the New Mexico Environment Department Hazardous Waste Bureau on December 13, 2012.

Information for the contaminants and other chemical parameters that meet the seven reporting criteria required for the 15-day notification is provided in the accompanying report and table.

If you have questions, please contact Steve Paris at (505) 606-0915 (smparis@lanl.gov) or Hai Shen at (505) 665-5046 (hai.shen@nnsa.doe.gov).

Sincerely,

Jeff Mousseau, Associate Director
Environmental Programs
Los Alamos National Laboratory

Sincerely,

for

Peter Maggiore, Assistant Manager
