RE: THIRD EXTENSION REQUEST
TO SUBMIT THE PHASE II INVESTIGATION/REMEDIATION REPORT
MATERIAL DISPOSAL AREA A
LOS ALAMOS NATIONAL LABORATORY
EPA ID#NM0890010515
HWB-LANL-09-028

Dear Messrs. Maggiore and Mousseau:

The New Mexico Environment Department (NMED) is in receipt of the United States Department of Energy (DOE) and the Los Alamos National Security, L.L.C.'s (collectively, the Permittees) document entitled *Request for Extension to Submit the Phase II Investigation/Remediation Report Material Disposal Area A* dated June 5, 2014 and referenced by EP2014-0236.

The Permittees request an extension to submit the Phase II Investigation/Remediation Report for MDA A. This is the third extension request to submit the Investigation/Remediation Report (previous extensions were granted on February 9, 2011 and January 2, 2014). NMED has granted extensions based on the Permittees' need to divert resources to remove transuranic waste in accordance with the Framework Agreement. Based on the Permittees' statement that they will not be able to meet the deadlines that they committed to in the Framework Agreement, the request is hereby denied.

NMED is concerned over delays that affect the progress of corrective action at Los Alamos National Laboratory. The Permittees are required to submit the Phase II Investigation/Remediation Report for MDA A as previously scheduled on **June 30, 2014**.

Should you have any questions, please contact Dave Cobrain of my staff at (505) 476-6055.

Sincerely,

John E. Kieling
Chief
Hazardous Waste Bureau
