RE: CORRECTED DEMOLITION NOTIFICATION FOR QUARTER ENDING SEPTEMBER 30, 2015
LOS ALAMOS NATIONAL LABORATORY
EPA ID #NM0890010515
HWB-LANL-MISC

Dear Messrs. Turner and Grieggs:

The New Mexico Environment Department (NMED) has received the United States Department of Energy (DOE) and the Los Alamos National Security, LLC (LANS) (collectively, the Permittees) *Corrected Demolition Notification for Quarter Ending September 30, 2015* dated and received July 9, 2015, (referenced by ENV-DO-15-24402, ENV-DO-15-0190).

As stated by the Permittees, investigations are not complete at several Solid Waste Management Units (SWMUs) and Areas of Concern (AOCs) located within 50 feet of the buildings proposed for demolition. The Permittees state that they will ensure that the sampling locations and depths proposed in the approved work plans are not affected by these activities. In the case of adverse impacts to the SWMUs/AOCs where investigations are not complete, the Permittees must document all demolition activities in detail so that any impacts on the SWMUs/AOCs can be identified and evaluated.

The Permittees must provide a copy of demolition reports, if prepared, to NMED within 30 days after the reports are complete in accordance with Permit Section 1.17.3.

Please contact Siona Briley of my staff at (505) 476-6049 should you have any questions.

Sincerely,

John E. Kieling
Chief
Hazardous Waste Bureau
