Dear Theodore Wyka and Jennifer Payne:

On March 3, 2023, the New Mexico Environment Department (NMED) received the United States Department of Energy (DOE) and Triad National Security (Triad), LLC (collectively referred to as the Permittees) *Request for a Class 1, with Prior Approval, Permit Modification, Extension of Time, Amended Closure Plan Open Burning Treatment Unit Technical Area 16-399 Burn Tray, Revision 2, September 2022* (Request) referenced by EPC-DO-23-063/LA-UR-23-21617.

NMED reviewed the Request in accordance with the 40 Code of Federal Regulations (CFR) 270.42 Appendix I, Item D.1(b). NMED has reviewed the additional activities proposed by the Permittees and the justification to extend the date for completion of closure activities by an additional 180 days.

NMED hereby approves the Request. All additional closure activities must be completed within 180-days from the receipt of this approval letter. Please keep NMED updated on the progress of field sampling and excavation efforts.

The approval of Request is available on NMED's website at https://www.env.nm.gov/hazardous-waste/lanl-permit/

If you have any questions regarding this letter, please contact Neelam Dhawan of my staff at (505) 690-5469 or via email at neelam.dhawan@env.nm.gov.

Sincerely,

Dave Cobrain
