Mr. JohnDavid Nance, Chief
Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe, NM 87505

Subject: Response to July 1, 2026, Letter Regarding Demolition Notification for Quarter Ending September 30, 2026

Dear Mr. Nance:

The United States Department of Energy (DOE) National Nuclear Security Administration, Los Alamos Field Office (NA-LA) and Triad National Security, LLC (Triad), the Permittees, submit this letter to the New Mexico Environment Department-Hazardous Waste Bureau (NMED-HWB) in response to a letter dated July 1, 2026, *Review, Demolition Notification for Quarter Ending September 30, 2026, List Of Buildings, and Attachment of Hazardous Materials Descriptions, Los Alamos National Laboratory, EPA ID #NM0890010515, HWB-LANL-MISC*. The letter requested copies of the disposition forms generated for buildings 03-2519, 15-0009, 15-0027, 15-0041, 15-0044, 15-0045, 15-0233, and 36-0019.

Permit Section 1.17 states, "Permittees shall provide notice to the Department of buildings and other fixed structures that may contain hazardous material scheduled to be demolished in the following federal fiscal year." The required notice for the demolition of these buildings was last provided on March 27, 2026. Permit Section 1.17 also requires that "[i]f a demolition completion report is prepared for any building or fixed structure identified by the Department, the Permittees shall provide to the Department a copy of the report within 30 days after such final report is written." To date, no demolition completion report has been prepared for the identified structures. If Triad receives a demolition completion report for any of the buildings identified by the NMED-HWB, it will be provided to the NMED-HWB in accordance with Permit Section 1.17.3. Disposition forms are used to update an internal real property database for tracking purposes for excess/salvage, demolition, or lease termination and are not related to any management, storage or treatment of hazardous waste authorized by the Permit.

If you have any questions or comments concerning this response, please contact Robert A. Gallegos (NA-LA) at (505) 901-3824 or by email at robert.gallegos@nnsa.doe.gov or Naveen Chennubhotla (Triad) at (505) 629-7401 or by email at naveenc@lanl.gov.

Sincerely,

Subject: Response to July 1, 2026, Letter Regarding Demolition Notification for Quarter Ending September 30, 2026

Dear Mr. Nance:

The United States Department of Energy (DOE) National Nuclear Security Administration, Los Alamos Field Office (NA-LA) and Triad National Security, LLC (Triad), the Permittees, submit this letter to the New Mexico Environment Department-Hazardous Waste Bureau (NMED-HWB) in response to a letter dated July 1, 2026, *Review, Demolition Notification for Quarter Ending September 30, 2026, List Of Buildings, and Attachment of Hazardous Materials Descriptions, Los Alamos National Laboratory, EPA ID #NM0890010515, HWB-LANL-MISC*. The letter requested copies of the disposition forms generated for buildings 03-2519, 15-0009, 15-0027, 15-0041, 15-0044, 15-0045, 15-0233, and 36-0019.

Permit Section 1.17 states, "Permittees shall provide notice to the Department of buildings and other fixed structures that may contain hazardous material scheduled to be demolished in the following federal fiscal year." The required notice for the demolition of these buildings was last provided on March 27, 2026. Permit Section 1.17 also requires that "[i]f a demolition completion report is prepared for any building or fixed structure identified by the Department, the Permittees shall provide to the Department a copy of the report within 30 days after such final report is written." To date, no demolition completion report has been prepared for the identified structures. If Triad receives a demolition completion report for any of the buildings identified by the NMED-HWB, it will be provided to the NMED-HWB in accordance with Permit Section 1.17.3. Disposition forms are used to update an internal real property database for tracking purposes for excess/salvage, demolition, or lease termination and are not related to any management, storage or treatment of hazardous waste authorized by the Permit.
