Subject: Submittal of the Phase II Investigation Work Plan for Sites at Technical Area 49 Inside the Nuclear Environmental Site Boundary

Dear Mr. Bearzi:

Enclosed please find two hard copies with electronic files of the Phase II Investigation Work Plan for Sites at Technical Area 49 Inside the Nuclear Environmental Site Boundary. This work plan is submitted in response to the modifications required by New Mexico Environment Department (NMED) in the Approval with Modifications for the Investigation Report for Sites at Technical Area 49 Inside the Nuclear Environmental Site Boundary, Revision 1, dated November 12, 2010.

This investigation work plan is being submitted in advance of the July 1, 2011, due date specified in the above-referenced approval with modifications. This report is being submitted early so that the field activities for this investigation may be coordinated with those for the Technical Area 49 sites outside the nuclear environmental site boundary. The Phase II investigation work plan for the latter sites was submitted to NMED on February 15, 2011.

If you have any questions, please contact Stephani Fuller at (505) 606-1628 (sfuller@lanl.gov) or Suzy Schulman at (505) 606-1962 (sschulman@doeal.gov).

Sincerely,

Michael J. Graham, Associate Director
 Environmental Programs
 Los Alamos National Laboratory

Sincerely,

George J. Rael, Manager
 Environmental Projects Office
 Los Alamos Site Office
