TWO CLASS 1 PERMIT MODIFICATIONS TO HAZARDOUS
FACILITY PERMIT
LOS ALAMOS NATIONAL LABORATORY

LANL-11-060 AND LANL-11-061**

Dear Messrs. Smith and Cantwell:

The New Mexico Environment Department (Department) received notice from the U.S. Department of Energy, National Nuclear Security Administration, and Los Alamos National Security, LLC, collectively the "Permittees," dated August 18, 2011, of two Class 1 modifications to the Los Alamos National Laboratory (LANL) Hazardous Waste Facility Permit (Permit). One modification reflects recent changes to telephone numbers listed in the Permit's Contingency Plan and the title of a training course listed in the Training Plan. The other modification reflects minor informational changes to the Permit associated with Technical Areas (TAs) 3 and 55, including clarification of access control and the alarm and exhaust systems at TA-3, and correction of inaccurate dimensions in the Permit associated with TA-55, Rooms K13 and B40. The Department received a revision of the modifications dated September 15, 2011 retracting proposed inspection schedule changes to Permit Attachment E (Inspection Plan), and providing changed figures inadvertently not provided in the original submittal.

'11 OCT 17 PM 1:56:49

The Department has reviewed the permit modifications and concurs that these changes are Class 1 modifications in accordance with 20.4.1.900 NMAC, incorporating 40 CFR §§ 270.42(a). The Department has further determined that the Permittee has noticed this Permit modification in accordance with 20.4.1.900 NMAC, incorporating 40 CFR §§ 270.42(a)(1)(i) and (ii). The modifications are to be put into effect as requested by the Permittee in accordance with 20.4.1.900 NMAC, incorporating 40 CFR § 270.42(a)(1).

The New Mexico Hazardous Waste Permit and Corrective Action Fee regulations, Section 20.4.2.201.F, require the assessment of a fee to modify a permit. The fee invoices are attached for both modification and those fees must be paid in accordance with 20.4.2.301 NMAC. If you disagree with the fees assessed you may notify the Department in writing at the address above of your intent to appeal the invoice(s) under the provisions of 20.4.2.302 NMAC.

Please find attached the fee invoices and a disc copy of the modified Permit. Please contact Steve Pullen at (505) 476-6044 if you have any questions.

Sincerely,

John E. Kieling
Acting Chief
Hazardous Waste Bureau
