**Subject: Submittal of the 2011 Analytical and 5-Minute Flow Data at
Gage Stations E050.1, E060.1, E109.9**

Dear Ms. Rodriguez:

Attached please find three DVDs with electronic files of the 5-minute flow data from calendar year 2011 field season at gage stations E050.1, E060.1, and E109.9 and analytical results from E050.1 and E109.9 for your review. There was no flow great enough to trigger the samplers at E060.1, therefore there are no analytical results available. The transmittal copies of these data are specified in the memorandum of understanding between the U.S. Department of Energy and the Buckman Direct Diversion Board regarding water-quality monitoring.

Please submit the enclosed DVDs of the 2011 Analytical and 5-Minute Flow Data at Gage Stations E050.1, E060.1, E109.9 to Mr. Rick Carpenter at the address below:
