**Subject: NPDES Permit No. NM0030759—Submittal of the Certification of Analytical Results for Two Site Monitoring Areas**

Dear Ms. Johnsey:

These documents are being submitted in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES) Permit No. NM0030759 for Los Alamos National Laboratory, issued to Los Alamos National Security, LLC, and the U.S. Department of Energy, effective November 1, 2010. As specified in Part I, Section E.1. (c),

Permittees shall certify completion of installation of control measures under this subsection to EPA within 30 days of completion of all such measures at the Site and, where applicable shall provide sampling results within 30 days of receipt of analytical results from the first measurable storm event after completion of such measures. Such certification shall be signed in accordance with 40 C.F.R. Section 122.22(b) and shall include a description and photographs of all completed measures.

Accordingly, the analytical results from samples collected during the first measurable storm event received at two Site Monitoring Areas (SMAs) in the last 30 days are enclosed. The documentation is organized into SMA-specific reports (Table 1). Each report includes a signed certification statement and the analytical results. Click on the "Regulatory Documents" tab at the following web site: <http://www.lanl.gov/community-environment/environmental-stewardship/protection/compliance/individual-permit-stormwater/documents.php>.

**Table 1**  
**List of SMAs in This Submittal of Certification of Analytical Results from the First Measurable Storm Event following Installation of Enhanced Control Measures**

Permitted Feature	SMA Number	Site Number
E001	2M-SMA-1	03-010(a)
L005	LA-SMA-1.25	C-43-001

If you have any questions, please contact Steve Veenis at (505) 667-0013 (veenis@lanl.gov) or David Rhodes at (505) 665-5325 (david.rhodes@nnsa.doe.gov).

Sincerely,

David McInroy, Program Director  
Environmental Programs –  
Corrective Actions  
Los Alamos National Laboratory

Sincerely,

David S. Rhodes, Supervisory Federal Project Director  
Environmental Projects Office  
Los Alamos Site Office
