Subject: Submittal of the Results of 2013 Sediment Monitoring in the Water Canyon and Cañon de Valle Watershed

Dear Mr. Kieling:

Enclosed please find two hard copies with electronic files of the Results of 2013 Sediment Monitoring in the Water Canyon and Cañon de Valle Watershed.

This document was requested by the New Mexico Environment Department in its approval of Reconnaissance Survey Report for Post-Las Conchas Fire Flooding in Water Canyon/Cañon de Valle, dated October 11, 2012 (HWB-LANL-12-043). This submittal meets the requirement for 3 yr of post-fire monitoring. In its April 4, 2014, extension request (EP2014-0122), Los Alamos National Laboratory requested a 60-day extension to submit this report because of delays in field work caused by the September 2013 floods and the early November 2013 snow fall. Submission of this report meets the June 30, 2014, due date for this deliverable.

If you have any questions, please contact Steve Veenis at (505) 667-0013 (veen@lanl.gov) or Woody Woodworth at (505) 665-5820 (lance.woodworth@nnsa.doe.gov).

Sincerely,

Jeff Mousseau, Associate Director
Environmental Programs
Los Alamos National Laboratory

Sincerely,

Peter Maggiore, Assistant Manager
Environmental Projects Office
Los Alamos Field Office
