Dear Messrs. Maggiore and Mousseau:

The New Mexico Environment Department (NMED) has received the United States Department of Energy (DOE) and the Los Alamos National Security, L.L.C.'s (LANS) (collectively, the Permittees) *Replacement Work Plans for the Plugging and Abandonment of Wells for 2014*, dated March 5, 2014 and referenced by EP2014-0065.

NMED has reviewed the Permittees' work plans for the plugging and abandonment of wells LAWS-02, LAWS-03, and DT-5A. The proposed methods and procedures for abandonment these wells are considered appropriate; therefore, NMED has no comments on the work plans at this time.
