**Subject:** [EXT] RE: RFI

Good afternoon Janine, Don, Neelam and Siona,

I hope you all are doing well. I am following up on your inquiry today regarding the RFI from 12/18/2020. NALA and Triad have looked in our files (snail mail and electronic) and can not locate receipt of this request. We will comply with the request and will work with our co-permittees, EMLA and N3B, to develop a consolidated response as quickly as possible. We will require additional time to complete the response. Would you like us to submit an extension of the request through March 31, 2021 formally?

Additionally, it appears our key technical subject matter experts and program managers are not included on the distribution lists for all LANL RCRA HWFP correspondence. May we submit a list of names, roles, and email addresses to you to ensure future correspondence is broadly distributed to NALA and our M&O contractor? As organizational changes warrant, we update our delegation authorization letters. Our Zipper Plan was last updated in February 2020 and may need more detail. I know that the technical subject matter experts and program managers are generally included in your distributions. It would be beneficial to continue to electronically distribute letters for the FFCO, STP and LANL RCRA HWFP to a broad list to ensure our awareness and action.

Thank you for your consideration of this information. If you have any questions, please call me at 505-221-3664.

---

Best,  
kea
